The kind of knowing that we seek is not only which leads to charity of thought and articulation. We seek to lead the children to become the kind of people who see the world around them and all that is happening in it through the eyes of faith and where interpretations of what is happening in it through the eyes of faith. Religious education lead children to respond to God here and now with faith love and gratitude. Therefore we must communicate the Christian message to them in a manner appropriate to their age , stage, of faithful development and life experience. In the area of religious faith, it is not just what we know but how we respond to that knowledge and put the knowledge into practice. This is usually called CATECHESIS coming from the Greek word KATEKAESIS meaning to echo this listening to the teacher in the echo picks up the information, makes it personalised and grows in the stories he/she learns from the teacher and the text. Today Catholic religious education invites children to investigate interpret and analyse religious concepts and to apply them to their own lives in such a way that they just don't learn about religion but they learn from religion for their lives in the world.

How Great Thou Art

O Lord my God, when I
in awesome wonder
consider all the works thy
hands hath made
I see the stars I hear the
rolling thunder, thy
power throughout the
universe displayed.

1. Morning has broken

Morning has broken, like the
first morning. Blackbird has
spoken like the first bird. Praise
for the singing, praise for the
morning. Praise for them
springing fresh from the world.

Be Still My Soul

Be still my soul, the Lord is
always near thee.
Been patiently the cross of
grief or pain.
Leave to thy God, to comfort
and to cheer thee in every
change he faithful remains.
